Sheelam Dhathri Sri

Software Development Engineer Intern
LinkedIn: www.linkedin.com/in/dhathrisri
Email: sheelamdhathrisri999@gmail.com
GitHub: https://github.com/dhathrisrisheelam999
Mobile: +91-6300397981

Skills

- **Languages**: Java, C++, C, Python, JavaScript, PHP
- **Frameworks**: HTML, CSS, React, Node.js
- **Tools/Platforms**: Data Structures, Algorithms, Algorithm Design, Complexity Analysis, OOPs, Operating Systems, DBMS
- **Soft Skills**: Communication, Collaboration, Leadership, Problem Solving, Adaptability, Ownership

Internship

Full Stack Web Developer Intern | InternsVeda | Certificate Link — Feb'25-Mar'25

- Owned the end-to-end development of a secure full-stack blog platform using HTML, CSS, JavaScript, PHP
- Enforced authentication, session management, and modular features including blog editor, user dashboard, and content management system
- Optimized CRUD APIs, backend logic, and responsive UI to ensure efficient data handling and smooth user experience
- Designed a modular backend with scalable data handling and RESTful services

Projects

Student Profile Manager | GitHub Link — Oct'25

- Architected and executed a Java-based system for scalable data storage and query processing in a modular architecture
- Engineered efficient CRUD and prefix-based search workflows, focusing on algorithm design, complexity analysis, and performance optimization
- Leveraged object-oriented design and modular architecture to ensure maintainability, scalability, and ease of extension

Your Mental Health Matters | GitHub link — Nov'24

- Built a full-stack web application with guided meditation, mood tracking, and secure chat features
- Developed responsive frontend using HTML, Tailwind CSS, JavaScript with backend integration in PHP
- Improved real-time data handling, secure communication, and user-centric design

Training

Placement Ace: Java Bootcamp (LeetCode - Codeforces Edition) | LPU | Certificate Link — Jun'25-Jul'25

- Trained extensively in Data Structures and Algorithms: Arrays, Linked Lists, Stacks, HashMaps, Sets, Recursion, Greedy, Backtracking, and Dynamic Programming
- Strengthened problem-solving skills through competitive programming platforms
- Applied concepts in a capstone project, reinforcing real-world software engineering practices

Certificates

- Introduction to Machine Learning | NPTEL| Link — Oct'25
- Placement Ace Java Bootcamp (LeetCode–Codeforces Edition) | LPU | Link — Aug'25
- Full Stack Web Development (Internship Completion) | InternsVeda | Link — Apr'25
- Full Stack Web Development (Training Completion) | InternsVeda | Link — Mar'25

Achievements

- *Innovation Draft: Self-Healing Virtual Memory System* — *Nov'25*
- *Innovation Draft: Pointer Error Correction System in C Programming* — *Nov'25*
- *Appreciation for Excellence in Language Artistry | LPU* — *Feb'24*

Education

- **Lovely Professional University** — Phagwara, Punjab
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 6.51*** — *Since July 2023*
- **Excel Junior College** — Hyderabad, Telangana
  Intermediate; ***Percentage: 94*** — *June 2020 - May 2022*
- **Lakshyaa High School** — Hyderabad, Telangana
  Matriculation; ***CGPA: 10*** — *June 2019 - May 2020*
